

**BOARD DIVERSITY AND TERM LIMIT POLICY**

The board of directors (the "Board") of Whitecap Resources Inc. ("Whitecap") believes that Board nominations should be made on the basis of the skills, knowledge, experience and character of individual candidates and the requirements of the Board at the time.

Whitecap is committed to a merit based system for Board composition within a diverse and inclusive culture which solicits multiple perspectives and views and is free of conscious or unconscious bias and discrimination. When assessing Board composition or identifying suitable candidates for appointment or re-election to the Board, Whitecap will consider candidates with the skills, knowledge, experience and character required to achieve our business objectives on merit and against objective criteria, having due regard to the benefits of diversity and the needs of the Board, including the existing level of representation of women on the Board.

The corporate governance and compensation committee of the Board (the "**Committee**") oversees the evaluation, assesses and considers the effectiveness, of the Board as a whole, the committees of the Board and the contribution of individual members on an annual basis. The Committee also reviews the experience, qualifications and skills of our incumbent directors to ensure that the composition of the Board and committees and the competencies of the members are in line with those that the Committee considers that the Board and respective committees should possess.

The Committee has established a "skills matrix" outlining the skills and experience which they believe are required by the members of the Board. This skills matrix is reviewed annually by the Committee and updated as necessary. The Committee also annually reviews the skills and experience of the current directors of Whitecap. The Committee also assesses the knowledge and character of all nominees to the Board to ensure general compliance with the skills matrix.

Any search firm engaged to assist the Board or a committee of the Board in identifying candidates for appointment to the Board will be specifically directed to include diverse candidates generally, and multiple women candidates in particular.

Women candidates for director will be included in the evergreen list of potential Board nominees.

The Board does not believe that fixed term limits are in the best interest of Whitecap. The Committee considers both the term of service of individual directors, the average term of the Board as a whole and turnover of directors over prior three years when proposing a slate of nominees. The Committee considers the benefits of regular renewal in the context of the needs of the Board at the time and the benefits of the institutional knowledge of the Board members.
